Change in the Arrangement of Situations Wanted Female Advertisements.

T has been the custom in the past for The New York Herald to sub-classify advertisements which appear under the Situations Wanted Female classification, such as Cooks, General Houseworkers, Housekeepers, Maids, etc., likewise to insert the commercial advertisements under the Professional Situations Wanted Female classifica-

On and after August 1st, these sub-classifications and the Professional Situations Wanted Female heading will be discontinued and all announcements will be alphabetically arranged according to the character of employment and inserted under the general heading "Situations Wanted Female."

The New York Herald is most desirous of giving the best possible service to advertisers and feels that better results should be obtained because of this new arrangement.
